Project: Freestate Farms - Testimonial

Dear Mr. Bryan,

Working with Tibbs Paving on the Freestate Farms project was a breeze. Through and having the job quoted and priced Jim Bryan was easy to work with and most importantly responsive to us as a customer. As with any project there are changes that happen and Freestate Farms was no exception especially during COVID-19 Pandemic. The Tibbs Paving team was up for the task and worked with Allan Myers and Prince William County to complete the paving operations with no interruption of service to the facility or the residents of Prince William County. We greatly appreciate their efforts to safety and quality and look forward to working with the Tibbs Paving team.

Regards,

Eric Feigenheimer
